For luna. Here is the whole story. In case you forgot.

You can have this as well. Fuck off. I DO NOT WANT TO SEE OR TALK TO YOU AGAIN SO STOP HARASSING ME I PROMISED ID NEVER BOTHER YOU AND I WONT. I AM NOT TRYING TO HARM YOU OR DO ANYTHING BECAUSE THAT WOULD BE A WASTE OF TIME ON YOU. But I would feel sick if you walked away not knowing EXACTLY what the truth was because your 500ms brain lag head probably talked yourself into your own lies. I dumped the full discord chats into the cloud and recorded and screenshotted every chat message we ever sent, before you were able to delete the ones I KNOW YOU DID. I have all the evidence and it does not make you look good. Because the truth does not make you look good. For NINE MONTHS. I spent SO MUCH TIME getting you out of that house whenever I could. When you spam texted me you were hurting yourself and needed me to come over immediately. You told me you were scared and being abused. So of fucking course I had to sneak you out when you convinced me a violent criminal was after you. Begging me to come over every fucking day and make that long drive to save you from hurting yourself you manipulative freak. Telling me all sorts of shit to get me to get you out of the apartment. Telling me you were cutting yourself, would kill yourself, was having seizures, was being abused. Like wtf. AFTER RALF THREATENED ME I BLOCKED YOU AND YOU HAD ALL YOUR FRIENDS SPAMMING ME YOU WERE GOING TO KILL YOURSELF. And even when Rafael threatened my life you forced me to still come back to save you even though it endangered me and you could give a shit less about me or my safety. And I feared for your life so I did what any decent person would have done and helped you. I FUCKING TOLD YOU REPEATEDLY I DID NOT WANT A RELATIONSHIP WITH YOU AND YOU FUCKING IGNORED IT EVERY TIME. I took you for walks when you needed to breathe, nights lying back watching the stars, and the seizures, you sobbing in my arms until it passed, every time, and me never once letting go first.

And then the four months. Oh boy. I only brought you into my home because you told me you were being abused at both of your houses and were scared, with nowhere to go. So I gave you somewhere to go. Four months under my roof. Feeding you. Driving you, those three-hour round trips, again and again, so you wouldn't be alone in the world. The therapy, the medication, the appointments you'd have missed without me. The PC I built so you could go to school and play your games. Your favorite candy, your favorite drinks. All of it on top of my sick dog and his vet bills, without one complaint where you could hear it. You didn’t do shit to help around the house instead of cleaning the living room one time. Any help I asked for was met with groans and whining and refusal. You rotted in bed every day like the trash you are. I had to spend so much fucking time taking care of your lazy irresponsible ass that I couldn’t even take care of myself or my apartment. YOU WERE A FULL TIME JOB. I WANTED YOU GONE BUT YOU REFUSED TO LEAVE AND BEGGED ME TO COME BACK EVERY TIME. I only let you stay here out of fear for your safety. I was never attracted to you, I never actually loved you, I never wanted you here. You just convinced me I had no other options but let you stay or send you back to get beaten and abused. You told your family that I told you that cutting out Rafael

was the only way for us to be together. Um yea NO FUCKING SHIT why would I let an ABUSIVE MANIAC INTO MY FAMILY. If you were EVER to join my family it could NOT be with him attached. So it makes me laugh that you guys think that was grooming or manipulation. That was me telling you I would never let this fucking rabid chimpanzee anywhere near my family. And if you wanted to join mine it couldn't be with him. THAT IS A VERY REASONABLE THING TO SAY. And fucking moron of course I would tell you to cut him off. Stop any fucking person on the street and say "hey I am getting abused by my dad at home and it makes me feel super unsafe and he beats my mom" and literally ANYBODY would say "um you should probably cut him out of your life". ANYBODY WOULD SAY THAT RETARD. And why would I ever give him my address. He has a history of false police reports and nonstop harassment. Why in the ever living fuck would I let that guy know where I live when he is a mentally ill nutcase. Why would I ever meet that guy in person. At that point let me just jump into the chimpanzee enclosure at the zoo its basically the same thing.

But it was never the errands, Hannah. It was the loving. I made you feel cherished. I uplifted you when you had nothing left to stand on. I cared for you, not out of duty, but because I thought I saw what you COULD be, not what you were. I did everything I knew how to make you feel cared for and loved because I pitied the fact you had never felt it before in your life. I showed you, in every quiet way a man can, how a man is supposed to treat a woman: with patience, with softness, with someone who holds you through the storm instead of being the storm. You knew what it felt like to be loved properly. Nobody can take that from you, whatever you do with it. I thought showing you how people were supposed to treat you would let me break it off and have you go build a better life based on what you felt here. Big fucking mistake on my part.

And what did you do with it? You betrayed it. You destroyed my faith in humanity and you broke my heart that believed in you. and you did it while looking me in the eye. You convinced me that you loved me when you could not care less about me, my life, my happiness, or my wellbeing. You told me you loved me. You screamed as I was leaving, begging me to take you with me and not leave you with your family. You said you wanted to be with me forever. You said you loved me more than anything in the world. All lies, from a traitor and a liar and an abuser. Yes, an abuser, Hannah. You manipulated me, emotionally and sexually. Every single time I tried to break things off and escape, you threatened to hurt or kill yourself, forcing me to come back one more time to save you from yourself. I told you repeatedly that we could not be in a relationship, but you slow-walked it and manipulated me into one anyway. Then you simply started calling me your boyfriend, a title I never agreed to. I never spoke up because I cared for you and didn't want to hurt you. That mercy was the mistake of my life. And another thing, I don't know why the fuck you told your family I sent you home because we had a fight. I sent you home because I told your family it was only temporary and was keeping my word. I thought you would be safe with Aaron so I told you it would be best if you lived there and you literally agreed with me and I dropped you off and had a talk with your dad about it. I said it was temporary. That's what I told Rafael on the call. That was me keeping my word. THERE WAS NO FIGHT HAHAH WHY WOULD YOU MAKE THAT UP.

And I told you once: I know everything you did. I do, and none of it was worth this. Now I'm the monster in your retelling. The abuser. The abductor. The criminal. The manipulator who put lies in your head. The same words your stepfather earned for himself, pressed into my mouth. He even mocks my medication, like a man with five convictions and 685 days in jail gets to call stable damage. He tells you that you deserve better. No, Hannah. You don't. You deserve exactly what you chose. You deserve to rot in the shithole life you shattered my heart to return to, the place I put my life on the line to save you from. You deserve to be every ounce of the failure I know you are destined to be. I am a moron for thinking I saw any potential in you to be more. This is the level you will always be at. No wonder Koda always nipped you, he knew something about you was not right. Everyone told me I was being abused and to leave. But I stayed. You threatened to kill yourself every time I backed away then baited me into sex when I returned. You manipulated me into always coming back. You are an evil person. The most evil I have ever met. I feel so sickened that I got manipulated by a sub 80 IQ person who can barely read or write and has to use ChatGPT to write every text and letter for her. I was always so unhappy and looking for a way out of the relationship because I never wanted to be with someone genuinely too stupid to ever connect with me intellectually. I was trying to leave the whole time but stayed so you would not hurt yourself. And I know for a fact someone as demented as you will never find love or a stable relationship, because you will ruin it every time and I know it. And that makes me happy and gives me peace. I know you will never be a forensic analyst or even make it through community college. I always knew it deep down but still encouraged you. I wanted to believe in you and help and show support. But you and I both know you are dumb as rocks. All of my friends always asked why I was with someone so much dumber than me and I couldn't explain that it was literally because I feared you would kill yourself if I left. I even pretended to like the art that I KNOW YOU GENERATED WITH AI YOU TALENTLESS BABOON. I KNOW EVERY "LOVE" LETTER YOU WROTE WAS AI GENERATED TOO. I BUILD AI DO YOU NOT THINK I WOULD NOTICE. And in a way, I am the lucky one. I got away from you, even if it was in the ugliest way possible, and that means I will never be trapped with a person like you. You screamed for me to come back and not leave you as I drove away. Spam texting me to please come back and not to leave you with your family. But as I drove I smiled. Because I was free. That's why it is so insulting for you to say I kept you here when zi wanted to kick your evil lying ass to the curb every day. You are so fucking stupid and readable I could tell every time you lied to me. And you thought I wanted you to stay in my apartment? FUCK NO I did it because the decent human inside of me wanted to make sure you were safe and at least show you a better life for awhile. EVEN AS YOU PRESSURED ME FOR SEX MULTIPLE TIMES ON A DAILY BASIS WHEN I LITERALLY DID NOT WANT TO WITH SOMEONE WHO DISGUSTS ME. I literally had to PRETEND to enjoy it while the whole time feeling like I was laying with some fucking animal. You had so many fucking kinks I had to play into to keep you happy that it genuinely made me burst out laughing when you told them to your family. Bitch those are YOUR kinks not mine you self projecting piece of shit.

The truth is, you really are Rafael's daughter. You are just like him. And that is why you never belonged with me. You belong exactly where you are, surrounded by cancerous people who are just like you. Every member of your family is a menace to society in their own special way. I

never groomed you, I never abused you, I never trapped you, I never made you do anything you didnt want. YOU WERE THE ONE BEGGING ME FOR SEX ALL THE TIME WHEN I JUST WANTED TO WORK ON MY CODE YOU FUCKING LYING BITCH. Telling everyone I was spam harassing you when YOU WERE BLOWING UP MY PHONE AND TEJ'S. Telling people I abused you while NONSTOP TELLING ME YOUR FAMILY BEATS AND VERBALLY ABUSES YOU and that if I make you leave my place you will be in danger. YOU WOULD NOT LET ME SEND YOU HOME YOU FUCKING LIAR.

I hope every single bit of wisdom and help I gave you never sticks and you never learned anything from me. You don't deserve an ounce of it. You deserve to die as miserable as you are now. I hope you live a long life so that you get to experience every single painful moment of it. I hope your family keeps you off pills and stops your therapy so you go back to the black hole of depression I found you in. I hope you go back to smoking the weed I got you off of. That triggers your seizures until you can no longer walk or speak. I hope you keep letting your friends peer pressure you into the alcoholism that you have buried inside of you. You get to rot in the shit life you chose over the one I offered to you, PURELY because I pitied your miserable existence.

Spreading lies about me is all you have Hannah. Because you know there is nothing truthful you can use against me. Fucking disgusting pathetic worm. I am sickened by the fact I ever thought you were good enough to be my partner when your IQ is closer to a monkey than it is mine. That I even entertained the idea of connecting the good people in my family with the degenerate freaks in yours. Look around that dinner table, Hannah. That is your family. That is your level. You will never reach higher than it. You will never have a good life.

I will never try to bother you, contact you, or remember you exist. I want to erase every single moment we spent together. I want to crush every memory that was a lie. I want to wipe every chat so I don't have to remember any of it. I know for a fact you are destined to a life of suffering, misery and failure. I hope it makes you as happy as it made me.

FOR RALF SO HE KNOWS IM NOT TRYING TO DO ANYTHING FUCKING IDIOT (You already read this but you cant read so try again).

Here in case you retards didnt get the message I sent it to all of you. Fuck off and rot. Disgusting freaks.

Oh and last thing. She left all her shit FULLY logged into my pc. Her email was already logged in and open when I went to wipe it. Why the fuck would I need to reset her password?? It was already logged in??? Along with all her other accounts. If I wanted to do anything I would have, but I would never stoop to your level. But I wiped the pc anyways so there you go all her shit is gone and I can forget about you people.

Your daughter is an evil person who manipulated me by cutting and threatening to kill her self every time I tried to leave. I did not EVER want to be in a relationship with her. Only keep her from abuse. So why the fuck would I go into her accounts?? I literally escaped from her I am happy right now. I dont even want to think about her. None of what you are saying makes sense. If my AI bot tried to use google for a task and tried to get around her account and spammed the reset button, blame your dumbfuck daughter for leaving all her shit logged into a pc I use for AI work.
I am not going to bother any of you because you disgust me and I want NOTHING TO DO WITH ANY OF YOU. Enjoy rotting in your shit life and dead end job you fucking failure.

You people are so fucking far beneath me why would I bother doing something so petty and stupid. And if I was going to why would I not change my location with a vpn?? Do you think I am as retarded as you??? Nothing you say is making sense. Leave me the fuck alone. I am not trying to do anything and I never will. I just want to forget evil people like your family exist.
